# Problem Solved

## How We Help People, Planet, Community

### 2022 Sustainability Global Award Winner

Recognising our commitment to sustainability with our innovative and eco-conscious practices. Truis measures our carbon footprint which is then broken down into 3 scopes. In 2022, Truis' sustainability efforts achieved a 13.9% reduction in carbon usage from 2021 to 2022.

### Asset Recycling and e-Waste Management

Secure and environmentally friendly recycling, disposal, and destruction of IT assets. We find new homes for your old devices, giving them a new lease on life to those who need them the most through our support of GIVIT and Micah Projects.

### Carbon-Neutral Operation

Truis proudly operates as a carbon-neutral entity, highlighting our unwavering commitment to sustainability and environmental responsibility in the IT sector. Accredited as a HP 2023 Amplify 5-Star Changemaker Partner.

### Social Initiatives

We derived our name from 'altruism', and we look to embody the meaning behind it in all aspects of our organisational culture. We want to be positively impacting those around us. Whether through directly providing services, paid volunteer hours, or donations, we have always been passionate about creating positive change in our community. Truis proudly supports Queensland charities and organisations. In the last 12 months, Truis has supported:

- GIVIT
- Micah Projects
- CPL
- Queensland Cancer Council
- Centenary Men's Shed

## Customer Stories

Truis provided us with the technical expertise to migrate our systems to our Nutanix solution without any disruption. We developed a really strong relationship with Truis because they went above and beyond the levels of service of other IT solution providers.

- Central Highlands Regional Council

Truis have been excellent. Throughout the process, I have brought in questions left of field, and they have jumped on the journey and helped me solve them without any hesitation.

- Queensland Fire and Emergency Services
